

REPORT ON INTERNATIONAL INDUSTRIAL VISIT TO SINGAPORE AND MALAYSIA 27.11.23 TO 3.12.23

Faculties: Prof. Sandeep Rasal and Dr. Ashwati Nair

Day 1: Arrival in Singapore

Date: December 26 & 27, 2023

Activities:

1. Flight to Singapore:

- All students of the 2nd year gathered at Chatrapati Shivaji Maharaj International Airport on December 26, 2023.
- The flight to Singapore was scheduled for 3:00 AM on December 27, 2023.
- The students were visibly excited about the international industrial visit.
- Spirits were high as they eagerly awaited the adventure ahead.

2. Late Evening Hotel Check-In:

- Upon arrival in Singapore, the group checked into the hotel late in the evening.
- The check-in process was smooth, and students were provided with the dinner and necessary information about their stay.

3. Briefing and Welcome:

- A brief welcome session was conducted to outline the itinerary and expectations for the visit.
- Important information, such as emergency contacts and daily schedule was shared with the students.

Day 2: Educational and Cultural Exploration in Singapore

Date: December 28, 2023

1. Morning Session at MDIS, Singapore:

- **Time:** 9:30 AM
- The day commenced with a visit to the Management Development Institute of Singapore (MDIS).
- **Activity:** A session on "Out of the Box Thinking" was conducted for the students.
- **Student Engagement:** The students actively participated in the activity, showcasing enthusiasm and interest.
- **Recognition:** Upon successful completion, MDIS awarded certificates to the students, adding a sense of accomplishment to the visit.

2. Afternoon Visit to NEWater Plant:

- **Insightful Learning:** The itinerary included a visit to the NEWater plant, where students gained insights into the water treatment process.
- **Topics Covered:**
 - Filtration Process
 - UV Treatment
 - Reverse Osmosis (RO) Treatment
 - Sustainability Practices
 - Land Reclamation for Water Plant
- **Educational Value:** This visit provided practical knowledge about water treatment technologies and the importance of sustainability.

3. Evening Exploration at Mini India Market:

- **Cultural Experience:** In the evening, the students visited the Mini India market.
- **Purpose:** This visit not only offered a shopping experience but also allowed students to immerse themselves in the local culture and diversity of Singapore.
- **Leisure Time:** Students had the opportunity to explore and shop for souvenirs, adding a leisurely and culturally enriching component to the day.

Day 3: Port Exploration and Entertainment at Universal Studio

Date: November 29, 2023

1. Morning Port Visit:

- **Time:** 9:00 AM
- **Location:** Marina South Pier Port
- **Educational Focus:**
 - Layout of the Port
 - Port Operations
 - Shipping Lines Overview
 - Material Handling Equipment on Port and Vessel
- **Learning Experience:** Students gained practical knowledge about the functioning of a port, including its layout, operations, various shipping lines and the equipment used for material handling.

2. Afternoon Adventure at Universal Studio:

- **Highly Anticipated Visit:** Following the port visit, the group proceeded to Universal Studio, a much-anticipated highlight of the trip.
- **Dual Purpose:** While primarily an industrial visit, the visit to Universal Studio provided students with an entertaining and memorable experience. Students had the opportunity to explore the various attractions, rides, and shows, creating lasting memories.

3. City Tour and Clarke Quay River Cruise:

- **City Exploration:** On the way back, a city tour was conducted, allowing students to appreciate the beauty and diversity of Singapore.
- **Clarke Quay River Cruise:** A highlight of the city tour was the river cruise at Clarke Quay, offering breathtaking views and an exciting experience. The river cruise provided a unique perspective of the city, creating an exciting and visually appealing moment for the students.

Day 4: Enchanting Journey to Genting Highland, Malaysia

Date: November 30, 2023

1. Early Morning Departure for Genting Highland:

- **Time:** Early Morning
- The day began with an early departure for Genting Highland in Malaysia. A road journey of approximately 6 hours was undertaken to reach the destination.

2. Cable Car Adventure to Genting Highland:

- **Transportation:** Upon reaching the base, a cable car was taken to ascend to Genting Highland.
- **Location:** Genting Highland at Santosa Island, 6000 ft. above sea level.
- **Scenic Journey:** The cable car rides offered breathtaking views as the group ascended to the highland.

3. Climatic Change and Atmospheric Pleasure: Upon reaching Genting Highland, there was a noticeable and refreshing change in climatic conditions. The altitude of 6000 ft. above sea level brought about a cool and pleasing climate, providing a welcome respite.

Day 5: Thrills at Skytropolis Indoor and Artistry at Royal Selangor Factory

Date: December 1, 2024

1. Skytropolis Indoor Theme Park Excursion:

- **Attraction:** Students indulged in the excitement of Skytropolis Indoor Theme Park. The park offered a plethora of thrilling rides, catering to diverse preferences. Students enjoyed a day filled with adventure and amusement, creating lasting memories.

2. Evening Visit to Royal Selangor Factory, Kuala Lumpur:

- **Location:** Royal Selangor Factory, Kuala Lumpur.
- **Learning Experience:**
 - **Craftsmanship Insight:** Students gained insights into the craftsmanship of pewter at the Royal Selangor Factory.
 - **Production Processes:** Understanding the intricate processes involved in creating handicrafts from pewter.
- **Shopping Opportunity:** Students had the chance to explore and shop at the Royal Selangor Factory, allowing them to acquire unique and artisanal pieces.

Day 6: Cultural Exploration in Kuala Lumpur and Putrajaya

Date: December 2, 2024

1. Kuala Lumpur City Tour:

- **Attractions Visited:**
 - **King's Palace:** Students had the opportunity to explore the grandeur of the King's Palace, gaining insights into the country's royal heritage.
 - **Batucave Visit:** The iconic Batucave provided a cultural and spiritual experience as students explored the cave temples.
 - **Twin Tower Visit:** A visit to the Petronas Twin Towers allowed students to appreciate modern architectural marvels.

2. Putrajaya City Tour:

- **Cultural Exposure:** Students explored Putrajaya, Malaysia's administrative capital, gaining an understanding of the country's governance and urban planning.
- **City Highlights:** Notable sites such as government buildings, parks, and the Putra Mosque were part of the city tour.

3. Visit to China Market:

- **Cultural Interaction:** Students engaged in a visit to the China Market, providing an opportunity to explore and experience the vibrant cultural offerings.
- **Shopping and Exploration:** The market visit allowed students to shop for souvenirs and experience the local market atmosphere.

4. Overnight Stay in Kuala Lumpur:

- **Preparation for Cultural Immersion:** Staying overnight in Kuala Lumpur allowed students to fully immerse themselves in the city's culture. After a day filled with cultural exploration, students could relax and reflect on their experiences.

Day 7: Homeward Journey

Date: December 3, 2024

1. Departure from Kuala Lumpur:

- **Time:** Departure from Kuala Lumpur Airport at 3 p.m.
- The day started with the group preparing for their journey back to Mumbai.
- **Farewell to Malaysia:** The departure marked the end of the enriching visit to Malaysia.

2. Arrival in Mumbai:

- **Time:** Arrival at Mumbai at 10.30 p.m.
- The group safely arrived back in Mumbai, concluding the international industrial visit.

3. Overall Learning and Enjoyment:

- **Industry Insights:** The visit encompassed valuable insights gained from industry visits, providing students with practical knowledge.
- **Cultural Exposure:** Cultural experiences, such as visits to markets, landmarks, and cultural sites, contributed to a well-rounded learning journey.
- **Entertainment and Enjoyment:** Balancing education with entertainment, students not only learned but also enjoyed various attractions and activities.

Overall, the tour was designed to be both educational and enjoyable, leaving a lasting impact on the participating students.
